WHAT IT IS

One governed platform for communities: circles, channels, events, polls, member profiles and moderation on a single model.

30-SECOND PITCH

Communities run across five tools that never agree. ComradeCircle unifies circles, channels, one cross-circle feed, capacity-aware events and polls — with single sign-on, roles and audit included on every plan.

PROBLEM WE SOLVE

- Five tools, no trustworthy member list
- Most members lurk, never post
- Events, RSVPs and reminders in three places
- Moderation outgrows the moderators

VALUE PROPOSITION

- One model, nothing to reconcile
- Governance included, not upsold
- Free plan runs a real community
- Priced by members, not seats

IDEAL CUSTOMER

Organisations running one to fifty communities of 500 to 75,000 active members

Not a fit: Courses-first, payments-now, or voice-centred communities

WHO YOU ARE TALKING TO

Community lead — How many tools run your community?

Moderator — Can another moderator undo that?
