Describe the request

Paste a feature request or description

Customers on enterprise plans want to sign in with their own identity provider. Needs SAML, SCIM user provisioning, and an admin screen to manage the connection.

218 / 4000

Provider

Platform default (Gemini)

Suggest breakdown

! Flags are suggestions with a stated reason. Raising a Risk requires confirmation.

Flagged items
7

Newly blocked
2

Burn-rate
Behind by 11 pts

● **CHK-412 — Migrate payment tokens**
Reason: Blocked by CHK-388 (Vault key rotation) for 9 days

CHK-388

Open item

Raise as Risk

● **CHK-455 — Refund flow edge cases**
Reason: No status change in 11 days; assignee has 3 other in-progress items

● **CHK-431 — 3DS challenge handling**
Reason: Sprint burn-rate implies this misses the sprint end by 4 days

● **CHK-402 — Checkout analytics events**
Reason: Assignee committed 41 pts against 32 pt capacity

● **CHK-467 — Currency rounding fix**
Reason: Newly blocked today by CHK-460 (Pricing service deploy)
